

Living Away From Home Allowance 2022

The Living Away from Home Allowance (LAFHA) provides assistance to families who must board their children away from home to access secondary education and who meet the criteria for the allowance. Secondary students (NSW 7–12) must be enrolled at either a government secondary school or a non-government school of preferred religion.

Information

Pre-conditions for eligibility

For a student to be eligible for this allowance, the following four conditions are essential:

2. The student's primary carer must be a permanent resident of NSW.
3. The student must be living away from their usual home to attend an appropriate secondary school in NSW, QLD, SA, VIC, or the ACT. This provision allows students who live close to a state border to attend a school in an adjoining state.
4. The student must be following a normal secondary course of study at a government school or a registered non-government school.

Taxation notices of assessment for income or Centrelink statements from the 2020/2021 tax year must accompany the application.

Calculating Adjusted Family Income

For 2022 the Adjusted Family Income threshold has been set at **\$73,478**.

Adjusted Family Income is the combined taxable income from all sources in the 2020/2021 tax year of each person who will contribute to the maintenance and upkeep of the student in 2022, less **\$1,898** for a dependent spouse and **\$1,399** for each dependent child (where applicable). If you have a question about this, please contact the Allowances Officer on telephone (02) 6334 8070 or 02 6334 8072.

Your taxable income is the figure advised in the **Notice of Assessment** issued by the **Australian Taxation Office**. The Notice of Assessment is normally attached to the tax refund cheque or is the form that advises you of any amount you owe the tax office. **This Notice must be included with your application.**

Averaging of income, as allowed by the Australian Taxation Office is NOT acceptable for the calculation of adjusted family income. You must include the actual income received in the relevant financial year, prior to the deduction of a previous year's losses. Centrelink payments are taxable and need to be included as income.

Separated, divorced or single parents must disclose any maintenance or child support payments received from a spouse, former spouse or other parent of the student as well as any defacto/partnership incomes. These amounts must be included in the family income before any deductions are made.

Any other income (e.g. extraordinary circumstances payments or investment income) which are included in a tax return must be declared.

Other Dependent Children – Please insert details of dependent children

Where particular circumstances mean that it would not be appropriate for us to consider the family's 2020/2021 income (for example, where you know the 2021/2022 income will be significantly lower than 2020/2021), you may apply on the basis of the current year's income.

Documentation required:

- tax assessments for the 2020/2021 financial year
- a letter from your accountant stating your anticipated taxable income for 2021/2022. Please note that a student in their final year of schooling would not receive the allowance under the current year's income provision. If you wish to use this option please tick the box below
