### Introduction to Taronga Zoo

Hi, My name's Paul Maguire, I'm the Manager of Learning Experience here at Taronga Zoo. Welcome to this wonderful zoo. We have over three thousand, five hundred animals here that we use education programs for kids to learn more about nature. And you are going to learn how to become experts in the husbandry of reptiles. I'm passionate about using animals in education and our fantastic learning and teaching tools but with that comes a lot of responsibility and animal welfare is very, very important. So, today you're going to meet some keepers from the zoo who are going to teach you all about the best care possible for the animals in your classroom.
