

## Exposition: Letter to the Council

Emotive Language

First Person

Dear Sir,

I am writing to inform you that, as a resident of Water Street, I am vehemently opposed to your plan to cut down the trees that line our lovely street in order to widen it.

The trees that you plan to remove have lined the street for over four decades, providing shade for both pedestrians and cars. They provide homes and shelter for birds and animals.

The trees also beautify the environment. Without them, Water Street would be just like any other dull suburban street that lacks character and charm.

Apart from the loss of the trees, I am also opposed to the idea of widening the road. A wider thoroughfare will encourage more people to drive along it, so the residents will be subjected to increased noise and traffic fumes. It will also be more dangerous for our children and the elderly to cross the street.

I know that most of the residents of Water Street feel the same as I do, and we will be attending the next Council meeting to voice our concerns to councillors personally.

Yours faithfully,

Toni Marsfield
