Activity 4

In Indonesian find another expression for:

1. Sarapan = **makan pagi**
2. Berpakaian = **pakai baju**

Activity 5

Answer the following questions in English.

1. Explain why the mother says ‘Cukup Nitra!’

Nitra teased Agus by saying that the juice was delicious, knowing that he missed out on having his favourite juice.
2. Explain Agus’s reaction at the end of the video.

He puts his hand to his head because he forgot it was Sunday and they were going to the beach. He got ready for school and put on his uniform because he thought it was a school day.

3. Describe the relationship between Nitra and her brother, Agus.

Nitra is the older sister who often thwarts Agus and gently makes fun of him. She prevented Agus getting into the bathroom because she was texting friends. At the breakfast table she smiled when her mother said that Agus was exaggerating about how long she had been in the bathroom and teased him about the orange juice. After breakfast she ran to the bathroom ahead of him. Finally at the front door she commented sarcastically that he was conscientious for doing his homework. As a result of her actions Agus often feels frustrated.
